

Kudelski Security to Host Events at RSA Conference 2018

*Kudelski Leadership Will Host Trio of Events to Discuss Industry Trends and Innovations
Enabling Enterprise Security*

CHESEAUX-SUR-LAUSANNE, Switzerland and PHOENIX, April 10, 2018 – [Kudelski Security](#), the cybersecurity division within the Kudelski Group (SIX:KUD.S) and trusted innovator for the world's most security-conscious organizations, today announced it will host three exclusive events for security executives at [RSA Conference 2018](#), being held at the Moscone Center in San Francisco from April 16 - 20. Each event will allow professionals to network and share thought leadership on innovative ways for CISOs and IT leadership to increase their organization's security posture and reduce the risk of breach.

Security and Jazz Reception, Local Edition – Monday, April 16, 7:00 p.m. PT

Kudelski Security and partners, SecureAuth and LogRhythm welcome cybersecurity professionals to attend a jazz reception at [Local Edition Bar](#), located at 691 Market Street, San Francisco, a short walk from the Moscone Center. Security executives interested in attending may register by clicking [here](#).

Preparing for Advanced Attacks, Roka Akor – Tuesday, April 17, 6:00 p.m. PT

Kudelski Security and Illusive Networks will host a dinner and executive discussion on managed deception technologies, at renowned Japanese steakhouse, [Roka Akor](#), located at 801 Montgomery Street in San Francisco. Invitees will enjoy discussion around the latest cybersecurity trends and the effectiveness of attacker deception.

Ofer Israeli, founder & chief executive officer of Illusive Networks, Rich Fennessy, chief executive officer and Alton Kizziah, vice president of global managed services, both of Kudelski Security, will review how to detect advanced attackers, resolve incidents quickly and reduce attack risk with end-point based deception.

Protecting Your Most Valuable Assets, La Folie – Wednesday, April 18, 6:00 p.m. PT

Kudelski Security and McAfee, featuring their newly acquired CASB, Skyhigh, will host a dinner and discussion on cloud security at acclaimed restaurant, [La Folie](#), located at 2316 Polk Street in San Francisco. Invitees will participate in a collaborative discussion centered around protecting an organization's most valuable asset: its data.

Srini Gurrupu, head cloud evangelist at McAfee Cloud Business Unit, will join Fennessy and Andrew Howard, chief technology officer of Kudelski Security, to discuss cloud-native data security (CNDS) best-practices to secure data and configurations in sanctioned cloud services such as Office365, Salesforce, ServiceNow, Box – and IaaS workloads such as AWS, Azure and GCP.

IT leaders interested in attending either dinner discussion may contact [Mariya Vyatkina](#), marketing program manager, Kudelski Security to request an invitation. Space for all three events is limited.
